

DEERFIELD ACADEMY

Associate Director of the Center for Service & Global Citizenship

Deerfield Academy announces a search for an Associate Director of the Center for Service and Global Citizenship to start as soon as possible or Fall 2023. Deerfield's Center for Service and Global Citizenship (CSGC) strives to prepare student leaders for a rapidly changing world that requires global understanding, environmental stewardship, and dedication to service. The Associate Director would join a dynamic and interdisciplinary team working collaboratively to design and deliver high impact experiential education programming with a focus on sustainability education, service and community engagement, and global education. We're looking for someone who cares deeply about student development in these areas, works effectively with colleagues, is committed to developing an inclusive community, and driven to effect positive change through creative, collaborative and practical problem solving.

ABOUT DEERFIELD:

Deerfield offers an unmatched environment for growing professionally. As colleagues, we enjoy supporting each other and improving our craft as educators. Near the Five Colleges (Amherst, Smith, Mount Holyoke, Hampshire College, and UMass Amherst), Deerfield's 300-acre campus hosts exceptional facilities that enable dynamic teaching both in and out of the classroom. Our students are engaging and excited to learn—and they are willing to work hard at their studies. Outside the classroom, they find ways to contribute to the community and enjoy themselves.

Our teachers are committed to ongoing renewal. We seek candidates who are genuinely committed to their own growth, who are eager to work with colleagues to review the programs we offer, and who can foster critical thinking, empathy, and determination in our students. As a boarding school, our faculty teach, mentor, and model—in the classroom, in the dorm, at the dining hall, on the fields, and in spaces for the arts.

Diversity is essential to Deerfield's success. Deerfield actively seeks to increase the diversity of its faculty. Diverse perspectives within our school population fuel creative and innovative thinking, build empathy and consideration, and provide varied skills and experiences from which the entire community can benefit. Deerfield actively seeks candidates who are members of or support traditionally underrepresented groups—especially in terms of race, sexual orientation, religious, ethnic and socioeconomic background.
