Organization

Founded in 1963, the Guthrie Theater (Guthrie) is dedicated to producing the great works of dramatic literature, developing the work of contemporary playwrights, and cultivating the next generation of theater artists. Under the artistic leadership of Joseph Haj, the Guthrie produces a mix of classic and contemporary plays on three stages and continues to set a national standard for excellence in theatrical production and performance. What began as a summer season of four productions supported by a minimal staff is now a complex organization that serves nearly 350,000 patrons and the Twin Cities community year-round.

The Guthrie Theater’s mission is to engage exceptional theater artists in the exploration of both classic and contemporary plays connecting the community to one another and to the world. Through its extraordinary artists, staff, and facility, the Guthrie is committed to the people of Minnesota, and from its place, rooted deeply in the Twin Cities, influences the field as a twenty-first century arts organization. The Guthrie strives to create transformative theater experiences that ignite the imagination, stir the heart, open the mind, and build community through the illumination of common humanity. Every year more than 500 people, both on stage and off, help ensure the Guthrie’s success in creating and supporting the highest level of theater. As an organization, the Guthrie is committed to the values of Artistic Excellence, Community, Equity, Diversity and Inclusion, and Fiscal Responsibility.

Described as “a twenty-first century dream factory” by Time Magazine, the Guthrie’s building was designed by Pritzker Prize-winning architect Jean Nouvel and is renowned as an architectural marvel. Open to the public year-round, the Guthrie houses three state-of-the-art stages, production facilities, classrooms, full-service restaurants, and dramatic public lobbies. The 1,100-seat Wurtele Thrust Stage was designed to reach out into the audience and place patrons at the center of the action. Actors can enter and exit from backstage, through the audience, or via an intricate collection of trap doors and elevators. The 700-seat McGuire Proscenium Stage complements the staging and design possibilities of the Thrust. The 199-seat Dowling Studio is a well-equipped flexible, black box space ideal for presenting new works and hosting innovative theater companies from the Twin Cities and beyond.

The Guthrie’s Community Engagement program builds mutually beneficial relationships with diverse groups across the Twin Cities. By investing in local partners and collaborating with them to create relevant programs and events, the Guthrie strives to bring the community and the theater together both on and off the stage. The Guthrie collaborates with external community advisors including the Native Advisory Council, a group of seven Minnesota-based Native artists, which meets regularly to advise the Guthrie on a variety of projects, initiatives, and philosophical questions as they work to be in better relationship with the people whose land the theater occupies and to help the theater grow into an organization that supports the visibility and access of Native people. Upcoming work in community artmaking includes offering free classes and fellowships for emerging Native artists and community trainings about decolonizing/indigenizing professional spaces and processes.

The Guthrie partners with institutions of higher education to offer professional training to the next generation of theater makers and offers learning opportunities for people of all ages and abilities. Education programs include Student Matinees, which were attended by over 30,000 students from 215 schools in the full pre-pandemic 2018-19 season, Classes and Workshops for Adults, Educator Workshops, and the Guthrie Experience, a professional training program for M.F.A. actors designed to cultivate future leaders of the American Theater. The seven-week summer intensive includes voice, movement and acting intensives, professional mentorship, cultural immersion in the vibrant Twin Cities theater scene and an opportunity to develop a bold, new work in the Guthrie’s Dowling Studio.

The Guthrie Theater has asserted its commitment to becoming an anti-racist organization and maintains a working list of anti-racism policies and actions on their website. Areas of focus include Artistic; Audience, Patrons, and Front of House; Board and Governance; Production, Development; Budgets; Hiring and Retention; Community Engagement.
and Education; Marketing; Facilities; and the University of Minnesota/Guthrie Theater B.F.A. Actor Training Program. The staff and board regularly participate in mandatory anti-racism training.
